PROFESSIONAL OBJECTIVE

My professional goal is to develop and broaden my knowledge in the field of cybersecurity and network security, gaining hands-on experience and learning from industry professionals. I want to make the most of this internship period to keep growing, take on new challenges and develop both my technical and professional skills. In the long term, once I finish my degree, I would like to continue my career in Germany, especially in IT security, always keeping an attitude of continuous learning and adaptation to new technologies.

SOFT SKILLS

Teamwork	Meticulous
Good communication	Disciplined
Problem solving	Organized

TECHNICAL SKILLS

SSH | Hardening | Docker | Networks and subnets | DNS | TCP/IP | Cryptography
